LECTORI S.

Amice Lector,

Quid offeram deficiente hoc, penè dixeram, ſæculo, titulus non obſcure indicavit; cur autem & quomodo hæc cogitaverim, ratio fortaſſe requiritur. Ingenue agam. Amplius triginta anni ſunt, cum in Academia Lugduno-Batava amare hos Pſalmos ſerio inciperem. Injecit mihi æmulationem neſcio quam pia renaſcentis Eccleſiæ ſimplicitas; & latino ac vernaculo ſermone erudita quorundam paraphraſis. Incidit, non inconveniens fore, ſi conſuetam in templis noſtris melodiam non incognito aliquo, ſed familiari apud Poëtas verſu exprimerem. Laudabam in Romana lingua multos, qui omnes diverſimode maximum illum Pſalmiſtam ſequuntur (ut ait ille) non paſſibus æquis. Buchananus ſemper primas tenebit inter eos, quos ego tum legi. vernacula noſtra ex hebræo tranſlatio me ſemper juvit; etſi heroës exſtiterunt in patria noſtra non pauci, quibus ſua etiam laus hic à me debetur. Unum in ipſa adhuc Academia me non parum deterruit: obtulit mihi Amicus aliquis, cum primum Pſalmos inciperem, legendum Spetham; unde ego mox (ut loquuntur) manum de tabula. Non volebam videri aut inſolens,

aut degener. Palmam Spethæ præripere animus non fuit, multo minus falcem in alienam meſſem immittere. Factum eſt triginta, ut dixi, annis poſt; cum, in communi Patriæ noſtræ calamitate, cœpi cogitare de conſolatione aliqua contra tam multas, quas patiebamur, calamitates. Unus Deus inſtar omnium, & ſupra omnes, ut ſolet, adfuit; & legenti aliquid interdum in ſacris fecit incurrere in manus quaſi jure poſtliminii Pſalmos tantopere antea deſideratos. Pergere animus erat, deterrebat Spetha. Sed poſtea vidi hominem illum in ſua re ingenioſum laborioſius, quam par eſt, Rhitmos facere, aut (ſi mavis) verſus leoninos. Ita ſum, ita didici; credo contra majeſtatem latinæ poëſeos quenquam hoc perpetuo affectare. Excidunt ſummis Poëtis interdum aliqua hujus fere naturæ; ſed ea defendit raritas atque elegantia. Mecum ſentiunt viri docti atque honorati, qui in vernacula uoſtra lingua Poëtæ celebrantur optimi, ſine vulgari illo rithmo. Ita ſuum cuique pulchrum. Quid ego præſtiterim in medio peſſimarum rerum timore, tuum, Amice Lector, judicium erit.

Occule ſcriptores, Roma ſuperba, tuos.
Scilicet hoc canere eſt: calamo luſiſſe profano,
Et tenui nugas increpuiſſe lyra.
Ecce novus ſancto natus de vate poëta,
Hic canit, hic numeris carmina ſacra ligat.
Carmina; non vanis animum lactantia rebus,
Quæque apices veræ religionis habent:
Preßius hebræos reddentia carmina cantus

Cum doctiſſimam Pſalmorum Davidis paraphraſin ederet.

ERgone Jeſſæi plus quam divina poëtæ
Das latio nobis ſcripta legenda ſtylo?
Nec te degeneris retinet ſententia vulgi,
Dici, dictum olim ſit niſi, poſſe nihil.
Non etiam ignoras dudum hæc donata latino

Sed quod inornatum, & nullâ jacet hactenus arte,
Hoc tua tam culte muſa polivit opus;
Ut vix percipiam, an divino percitus œſtro
